Panel on Protectibility of Software co-hosted with SEAS and PCI

Time: 6:00pm - 8:00pm

Location: Silverman 240B

Are Software Patents
Critical to Innovation?

Sponsored by

Penn Center for Innovation, the MCIT program at SEAS,
and Penn Law's Detkin IP and Technology Clinic

Have recent Supreme Court rulings put software patents in peril? Will the ruling impact innovation in the software industry?
Are business models that do not rely on patents sustainable?
